MASTER PATENT ASSIGNMENT

This Agreement, dated March 31, 2001, between Millipore Corporation, a Massachusetts corporation having a place of business at 80 Ashby Road, Bedford, Massachusetts 01730 ("Millipore") and Mykrolis Corporation, a Delaware corporation, having a place of business at Patriots Park, Bedford, Massachusetts 01730 ("Mykrolis").

WHEREAS, the Board of Directors of Millipore Corporation has determined that it is in the best interest of Millipore and its stockholders to separate Millipore's existing businesses into two independent businesses;

WHEREAS, as part of the foregoing, Millipore and Mykrolis, have entered into a Master Separation and Distribution Agreement (as defined below) which provides, among other things, for the separation of certain Mykrolis assets and Mykrolis liabilities, the initial public offering of Mykrolis stock, the distribution of such stock and the execution and delivery of certain other agreements in order to facilitate and provide for the foregoing;

WHEREAS, Millipore is the owner via assignment from the inventor(s) or other assignors of the inventions claimed and described in the Letters Patents or applications for Letters Patent set forth on Exhibit A ("Patents"); and

WHEREAS, Mykrolis is desirous of acquiring said Patents.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, MILLIPORE by these presents do sell, assign and transfer unto Mykrolis its successors and assigns the full, exclusive and worldwide right to the said invention including the United States of America, and the entire right, title and interest in, to and under any Letters Patent which may be granted on said invention, or any parts thereof, or on any continuation, division or reissue thereof in the United States of America, in the territorial possessions of the United States of America and in any country foreign to the United States of America, and including all rights to sue and recover for past infringement of the Patents, the same to be held and enjoyed by Mykrolis, its successors and assigns as fully and entirely as the same would have been held by MILLIPORE, had this assignment not been made.

And MILLIPORE hereby authorizes and requests the Commissioner of Patent and Trademarks of the United States of America and respective Patent Office officials in any country foreign to the United States of America to issue said Letters Patent to Mykrolis as the assignee of its entire right, title and interest in, to and under the same, and MILLIPORE hereby further authorizes Mykrolis to apply for Letters Patent in its own name, utilizing any benefits which may exist under any International Agreement, in any country foreign to the United States of America.

And MILLIPORE does hereby agree for itself and for its successors and assigns to execute any lawful document and to testify as to any material fact or thing which Mykrolis, its successors and assigns may deem necessary in order to secure unto itself, its

ASSIGNMENT AND AGREEMENT

FOR VALUE RECEIVED, I, Christ A. Tsourides, a citizen of the United States of America and residing at 4911 Silver Weed Drive, McKinney, Collin County, Texas 75070, hereby sell, assign and transfer to MILLIPORE CORPORATION, a corporation of the State of Massachusetts, having a principal place of business at 80 Ashby Road, P.O. Box 9125, Bedford, Massachusetts 01730-2271, as assignee, and its successors, assigns and legal representatives, the entire right, title and interest, for all countries in and to certain inventions relating to improvements in "SYSTEM AND METHOD FOR INTEGRATING GAS COMPONENTS" which is described in an application for Letters Patent of the United States, executed by me on even date herewith; and all the rights and privileges under any and all Letters Patent that may be granted therefor.

I request that any and all patents for said invention be issued to said assignee, its successors, assigns and legal representatives, or to such nominees as it may designate.

I agree that, when requested, I will, without charge to said assignee but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in said assignee, its successors, assigns and legal representatives or nominees.

I authorize and empower said assignee, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from me.

I hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of said assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

I covenant with said assignee, its successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that I have full right to convey the same as herein expressed.
